

World Malaria Day 2026

Prevention First: Protecting Staff and Families from Malaria Worldwide

Join HSD for a virtual panel on malaria prevention and awareness for globally mobile staff and families.

Wednesday, April 22, 2026 | 9:00 am - 10:00 am EST

Learn about

- Current malaria trends
- Outbreak patterns
- The day-to-day realities of living and working in endemic settings

Speakers will share clear, practical steps to reduce malaria risk during travel, relocation, and while residing in malaria-affected regions.

After the presentation, visit our informational table:

12 - 2 PM: MC Cafeteria Hallway
Malaria informational flyers, displays, giveaways, and key resources.
